Introduction

Ghatwary Medical Supply (GMS) is a trusted leader in the manufacturing of high-quality medical supplies, dedicated to enhancing global healthcare standards. With a strong commitment to innovation and excellence, we provide a comprehensive range of products, from hospital furniture and sterilization devices to surgical sutures and disposables.

Operating from a state-of-the-art facility and adhering to international standards, GMS ensures consistent quality and reliability across its portfolio. Over 50% of our production is exported worldwide, reflecting our dedication to meeting the diverse needs of healthcare professionals across the globe.

At GMS, we combine cutting-edge technology, exceptional customer service, and robust after-sales support to empower medical institutions with solutions that make a difference. Together, we are shaping the future of healthcare.

Sterile Barrier System (SBS)

Is the minimum packaging that prevents contamination and helps to sterilize the finished product.

The system must guarantee sterility throughout the whole supply chain from production through to the operation room.

Crepe Paper

For sterilization wrap, tray liner and overwrap has barrier properties with moisture absorption capacity. Compliant to standard ISO 868-2.
